VOL. 57 — No. 1

Observations... From Around Town

(BY JAY WHOZIT)

With this issue we begin the new year of 1948, and it is our earnest and sincere wish that it will bring more happiness and prosperity to our people than did the past year of 1947—a year which we are quite sure many would give their right arm to forget, but which in reality they will never be able to erase from their memory as long as they live. . . . naturally, it was a year of innumerable strikes, rising prices, etc. . . . locally, it was the most disastrous year we of the present age have ever witnessed, with the hurricane of September 19th causing millions of dollars damage to private and municipal property and taking scores of lives. . . . is it any wonder then that we would want to forget 1947, and look forward with wishful eagerness on the one hand and perhaps a little fear on the other, to the new year of 1948. . . . the local postoffice department is asking for bids for the use of private motor vehicles to be used in the pickup and delivery of mail. . . . we mention this, because as Postmaster Ford says, "In this here is story. . . . Billy, the horse is to be retired after about eighteen years of service. He is to be replaced by a motor vehicle, because the city mail route has grown so large that Billy is now too slow to cover it." . . . Well, as the old saying goes, "everything comes to him who waits" and we will all miss having Billy block traffic. . . . at least, there are some things we can be thankful for here in the South, for last week end when the North and East suffered from severe cold and snowfalls of as much as thirty inches in some sections, we of this section were enjoying sunshine and temperatures in the seventies. . . . on Monday, January 5th, the newly elected state and county officials will be sworn in and will take office for the next four years. . . . they have our sincere good wishes for a successful term of office. . . . Governor Fielding L. Wright has set aside the week of January 5-12 as universal military training week in Mississippi. . . . in doing so, the Governor declared, "If we as a people are to preserve our own freedom and furnish the leadership which our world so sorely needs in our quest for lasting peace, it is necessary that we be strong spiritually, economically and militarily." . . . all city schools will end their Christmas holidays this Monday, January 5th when classes will be resumed for the second half of the present school year. . . . the date of the annual Carnival Ball, sponsored by the St. Joseph Academy Parents Club, has been set for February 6th, and plans are going forward for one of the finest balls ever staged. . . . the 1948 Session of the Mississippi Legislature will convene on January 6th and there will be very little activity until the Governor is inaugurated on January 20th—following his message to the Legislature we are looking forward to have Hell-a-poppin on the Old Hill on the bills having to do with the control of liquor. . . . the black market tax—and an enforcement squad to be used when requested by the local authorities—the last one "an enforcement squad" is going to raise thunder in the legislative halls—the boys have a peculiar distaste for a state police even when it is supposed only to assist the local officers—there is always fear that they will supersede the local boys—that exists not only in dear old Hancock but in some 60 other counties where the black market tax is collected—the Governor to say the least is not ducking a fight when he advocates the repeal of the black market tax and asks the Legislature to give him a squad of state police to help enforce the law—another proposal to go before the legislature is the amendments to the election laws—The Corrupt Practices Act is to be amended to provide that it is not necessary to present poll tax receipts when you go to the polls to vote—and of course the provision as to the payment of the poll taxes—the legislative recess committee should go just a little further and repeal some of the obnoxious causes in this act—one for instance the initaling of ballots—how many times has your ticket been marked without you knowing about it—all managers of election are not dumb—we are supposed to have secret balloting—another thing under this law if a man is elected he may in all probabilities be buying a lawsuit to try and retain his office—oh! lest we forget—how about the fifth man running against the top man in the second primary when all others have withdrawn—last but not least Hancock County needs some help to rebuild our beach front. . . . Harrison County has received some assurance from the Federal Government and up to now no mention has been made of Hancock—will the same thing occur in the State Legislature—the test will be on for our representatives to show if they are made of the stuff that it takes to ably represent their county.

Army Needs Civilian Specialists in Pacific Area

Atlanta—Tucked away on the 9th floor of the Grant Building in Atlanta is a little known office. Officially it is known as a branch office of the Secretary of the Army's office—military personnel call it "901 Grant Building." If you have a yen for travel and want to visit the far places of the Pacific in 1948 you can get in touch with Mr. Reese A. Golden at "901 Grant" and he will have you on your way in no time at all.

Scholarly looking Mr. Golden denies that he is running a travel bureau but talk to him about employment opportunities in the Pacific Area and he gets so enthusiastic about what you can see and do that he sometimes forgets to mention the little matter of salaries which range from \$2442.50 to \$10,000.00 a year. And speaking of salaries, Mr. Golden says you only have to spend about \$45 a month out of your salary to live.

If you are a specialist in any field, and Mr. Golden says that Clerk-Stenographers are definitely specialists in his book, get a supply of forms 57 from your nearest Civil Service Office, fill them out in triplicate and mail them to 901 Grant Building, Atlanta, and if you are qualified, it won't be long until you start your Pacific travels. If you think you are a \$5,000.00 or \$10,000.00 a year man or woman, write to 901 Grant for a list of employment opportunities.

"MARCH OF DIMES" CAMPAIGN TO BEGIN JANUARY 15TH.

Each year as the month of January rolls around, the very special reminder calls our attention to the many Polio Victims and the annual "March of Dimes."

This year the campaign will be opened on Jan. 15th by Perry Tullos of Laurel, Miss., a three year old victim, who is well on the way to recovery. As Perry stated "President Truman (Truman) and I will open the Drive."

Do you know that your dimes rolled to the Hancock County Chapter has had a number of local victims hospitalized, several of whom have been completely cured? And at this time there are still some of our own people in the hospital, well on the mend, due to your generosity.

As a matter of fact here are a few of the many ways your contributions help in this noble work. It costs \$6 a day for one patient and \$12 if an iron lung is needed. A certain amount of the Chapter's Treasury is used to educate doctors as Polio Specialists.

Since this disease does not discriminate in choosing its victims, let's make 1948 and Hancock County an outstanding year by going far beyond our quota. Those in charge for the 1948 drive are as follows:

Chairman—Mrs. Stella Gex.
Co-Chairman—Mrs. Theo Tudury.
Treasurer—Mr. Joe Burrows.
Secretary—Mrs. L. S. Elliott.
Campaign Director for 1948—Mrs. R. H. Daly.

A Brand New Granddaughter To The Price's And Chadwick's

Becoming the Grandpa and Grandma is a bit old with Mr. and Mrs. Dan Chadwick, as they now have several grandchildren and have passed the excitement stage, but it is a brand new affair with the Gerald Prices, Sr. Old Grandpa Price's family have been looked in a wide open position since the advent of the new granddaughter, Charlotte Ann. It is hard to see his face with that broad smile and oh boy—you should see Grandma Price, her eyes just sparkle when mention is made of the baby, and how she likes to hear say that the baby looks like her Grandma.

Charlotte Ann is the first child of Mr. and Mrs. Gerald Price, Jr. and was born at the Kings Daughters Hospital on Saturday, December 27th. Mrs. Price is the former Miss Emelda Chadwick.

SANTA CLAUS COMES AGAIN TO WELFARE OFFICE

Southern Air Conditioning Mfg. Co., Makes Visit Possible

From the Hancock County Welfare office we get the news that Santa Claus from the Southern Air Conditioning Manufacturing Company of Fort Worth, Texas dropped by the Welfare office before Christmas and left over five hundred pounds of toys which were distributed to the many children of Hancock County for him. He was expected to return before Christmas with another load but one of his reindeer, Dasher, met with an accident, so he was delayed. Seeing that it would be impossible to reach here on time he forwarded the local Welfare Office the following telegram:

Port Worth, Texas
Dec. 23rd.

Hancock County Welfare Office
Attention Mrs. Eunice Casanova
Bay St. Louis, Miss.

Dasher, one of my reindeer caught his foot in the chimney—will be a little late but will be there.

Santa Claus is preparing to arrive again for the underprivileged children who missed him on his first visit here, and if you should know of any of these children may we suggest that you contact Mrs. Casanova, the Welfare Director at the Knights of Columbus Home and she will be pleased to give Santa your Message.

And may we take this opportunity to extend the thanks of the people of Hancock County to the Southern Air Conditioning Manufacturing Company for their thoughtful help in making Christmas a little more pleasant for the underprivileged children of the County.

In the blue and gloomy days immediately following the hurricane of September 19th, the people of Hancock County were wondering what would be the fate of those who had been stricken and who lost all of their worldly possessions.

The situation looked bad, however, the American Red Cross came to the front, and into our midst came a number of Red Cross workers, under the leadership of Charles E. Cooper, Director. Headquarters were

set up and very methodically these people set to work to survey the situation and to receive applications for assistance. A number of workers did a specific job and left for other parts. Only six remained to the end of December 15th, and these remained from left to right on the picture above are, front row: Mrs. Louise Adams, a caseworker, from St. Louis, Missouri; Miss Agnes North, a caseworker, from Salt Lake, Kentucky; Miss Betty Louis, Case Work Super-

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramps, the aches and pains, the functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance to the "blues" to come. Start a day before "your time" it should give you relief pain due to purely functional periodic pains.

ORTTE THEATRE

SUNDAY - MONDAY

"THE GREAT WALTZ"

Starring Louise Rainer

One of Hollywood's greatest musical dramas, "The Great Waltz" is brought back to the Ortte screen in the M-G-M musical masterpiece, re-print starring Louise Rainer, twice winner of the coveted Academy Award, Fernand Gravet and the golden-voiced Meliza Korjus.

Gravet plays Johann Strauss, Vienna's waltz king, Miss Rainer is cast as Poldi, his wife and Miss Korjus is Carla, the singer whom he adored but who sent him back to the wife who was willing to give him up for the sake of his career. The story covers Strauss' rise to fame, his marriage, his opera triumph, the Revolution and finally, as an old man, his

great success at the court of Emperor Franz Josef. Spectacular opera sequences with stunning ballet numbers, courtroom episodes, scenes in the Vienna woods, Strauss' debut at Donmayer's Casino, the street riots, and a lavish ball-room scene provide spectacle for Strauss music sung by Miss Korjus. Louise Rainer gives a poignantly etched portrayal of Poldi, giving her subject warmth, understanding and tremendous appeal. Gravet is excellent as the composer, and Miss Korjus gives both humor and vitality to the role of Carla. "The Great Waltz" is a picture that can be seen again and again.

ORDINANCE NO. 111
AN ORDINANCE DECLARING THE INTENTION OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, OF SELLING AND CONVEYING TO UNITED GAS CORPORATION THE METERS, REGULATORS, SERVICE LINES, PIPE, FITTINGS, EQUIPMENT AND APPLIANCES, HEREINAFTER DESCRIBED, AND NOW BEING USED BY THE MUNICIPALITY IN THE DISTRIBUTION OF NATURAL GAS TO ITS CUSTOMERS IN HARRISON COUNTY, MISSISSIPPI, FOR A CASH CONSIDERATION OF FIVE THOUSAND, FOUR HUNDRED THIRTY-SEVEN AND 24/100 DOLLARS, (\$5,437.54).

WHEREAS, the City of Bay St. Louis, Mississippi, pursuant to the laws of the State of Mississippi, including, among others, Chapter 317 of the Laws of Mississippi of 1934, and Acts Amending thereof and Supplemental thereto, constructed a natural gas transmission line and a natural gas distribution system; and

WHEREAS, the said natural gas transmission line, above referred to, extends from a point north of the city limits of the City of Gulfport, Mississippi, through Harrison County across the Bay of St. Louis and into the city limits of the City of Bay St. Louis, Mississippi; and

WHEREAS, the Mayor and Commissioners have determined that the city has sustained a large monetary loss each month because of gas lost to leakage and has determined that such losses will become progressively larger unless said transmission line is replaced in part and is completely overhauled and repaired at an estimated cost, and have determined that it would be to the best interest of the city to dispose of said transmission line, and an ordinance for that purpose having been introduced, as provided by law, to enable the city to sell said transmission line to United Gas Pipe Line Company; and

WHEREAS, the City of Bay St. Louis, Mississippi, distributes natural gas and provides rural service to numerous customers in Harrison County, Mississippi, along said transmission line in addition to distributing gas in the City of Bay St. Louis, Mississippi; and

WHEREAS, the Mayor and Commissioners find and adjudicate that if said natural gas transmission pipe line is sold to United Gas Pipe Line Company that it will not be profitable or feasible to continue selling and distributing gas to its customers in Harrison County, Mississippi, and the revenue derived from such customers would not justify the expense necessarily incurred in serving said customers and in maintaining and replacing the equipment necessary for the distribution of natural gas to such customers; and

WHEREAS, after a complete and careful investigation, and from due and sufficient evidence adduced before them, the Mayor and Commissioners find and adjudicate that it will be to the best interest of the City of Bay St. Louis, Mississippi, to sell and dispose of the meters, regulators, service lines, pipe, fittings, equipment and appliances now being used by the municipality in the distribution of natural gas to its customers in Harrison County, Mississippi, for a fair price, that a sale hereinafter set out, will best promote and protect the public interest; and

WHEREAS, United Gas Corporation, subject to the conditions hereinafter set out, has agreed to purchase said property, which is hereinafter particularly described, for a cash consideration of Five Thousand Four Hundred Thirty Seven and 24/100 Dollars, (\$5,437.54), provided the natural gas transmission line above described and referred to, is purchased by and conveyed to United Gas Pipe Line Company; and it appearing that United Gas Corporation now distributes gas in portions of Harrison County, Mississippi, and in the event said property is purchased by it, the United Gas Corporation proposes to serve the customers in Harrison County, Mississippi, now being served by the City of Bay St. Louis, Mississippi; and

WHEREAS, the City of Bay St. Louis, Mississippi, heretofore issued \$200,000.00 of Gas Revenue Bonds, dated January 2, 1939, to finance the construction of the transmission line and distribution system, heretofore first referred to, all as shown by the minutes of said Mayor and Commissioners and as shown in Cause No. 4160 on the Docket of the Chancery Court of Hancock County, Mississippi; and

WHEREAS, \$5,000.00 of bonds of said \$200,000.00 issue, above referred to, were paid, and the City of Bay St. Louis, Mississippi, issued \$195,000.00 of Gas Revenue Refunding Bonds, dated December 1, 1941, as shown by the minutes of said Mayor and Commissioners, and as shown in Cause No. 4540 on the Docket of the Chancery Court of Hancock County, Mississippi; and it appearing that \$195,000.00 of said original bonds, and being all of the outstanding bonds, were exchanged for \$195,000.00 of Gas Revenue Refunding Bonds, last referred to, and the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, find and adjudicate that all of the said outstanding Gas Revenue Refunding Bonds are now owned and held by Royal Neighbors of America of Rockford, Illinois, and the holder of said bonds being fully familiar with the large sums that are being lost each month due to leakage of gas from said transmission line, and being familiar with the bad condition of repair and rapid rate of deterioration of said gas transmission line, has consented and agreed to said transmission line, heretofore referred to, to be sold and conveyed to United Gas Pipe Line Company upon the terms and condition set out in the Ordinance which has been introduced for the purpose of enabling the officials of the municipality to sell and convey said transmission line to United Gas Pipe Line Company, and being fully aware that it would not be profitable or feasible for the municipality to continue to distribute natural gas and furnish rural service to its customers in Harrison County, Mississippi, if said transmission line is sold to United Gas Pipe Line Company, and by reason thereof has consented and agreed for the municipality to sell and convey to United Gas Corporation the meters, regulators, service lines, pipe, fittings, equipment and appliances, heretofore particularly described, for the sum of Five Thousand Four Hundred Thirty Seven and 24/100 Dollars, (\$5,437.54), and has agreed to execute any necessary and proper instrument or agreement releasing the property to be sold to United Gas Corporation

from the lien of said Gas Revenue Refunding Bonds of the City of Bay St. Louis, Mississippi, dated December 1, 1941, above referred to, and to release said property from the lien created by the ordinances and resolutions by the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, authorizing the construction of said transmission line and distribution system, the issuance of said Gas Revenue Bonds of the City of Bay St. Louis, Mississippi, dated January 2, 1939, and the issuance of the said \$195,000.00 of Gas Revenue Refunding Bonds of the City of Bay St. Louis, Mississippi, dated December 1, 1941, above referred to; and

WHEREAS, it appearing unto the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, and pursuant to the laws of the State of Mississippi, and particularly Section 3573 of the 1942 Mississippi Code Annotated, and Acts Amending thereof and Supplemental thereto, that the City of Bay St. Louis, Mississippi, is fully authorized and empowered to sell and convey the property hereinafter particularly described to United Gas Corporation upon such terms and conditions, and with such safe guards and conditions, and to promote and protect the public interest, and are fully authorized and empowered to transfer title to said property by Warranty Deed, Bill of Sale or Contract, provided such notice of intended sale, making such disposition shall be given by publication once a week for three consecutive weeks in one newspaper published in the municipality, and that after ten (10) days from the date of the last publication of such notice said property may be sold and disposed of, unless within ten (10) days after the last publication of such notice, a petition signed by not less than 20% of the qualified voters of the municipality be filed objecting to and protesting against such sale or disposition, in which event a special election shall be called; and it is hereby found and determined that the Sea Coast Echo is a newspaper published in the City of Bay St. Louis, Mississippi, for more than one year prior to this date, and having a general circulation in said city, and that notice of the intention to sell and dispose of said property shall be given in said newspaper in the manner and for the time provided by law, to-wit, on the 12th, 19th and 26th days of December, 1947, and the 2nd day of January, 1948, and any objections or protests must be filed within ten (10) days after the last publication of said notice on the 2nd day of January, 1948; and

WHEREAS, the Mayor and Commissioners find and adjudicate, after investigation, that the sum of Five Thousand Four Hundred Thirty Seven and 24/100 Dollars, (\$5,437.54), offered by United Gas Corporation is a fair, reasonable and advantageous price, and that it will be to the best interest of the municipality, and will best promote, protect and safeguard the public interest for said property to be sold at such price, on the terms and conditions hereinafter set out; and that such sale will not in any way prevent the municipality from continuing to distribute gas in the City of Bay St. Louis, Mississippi, and environs, in Hancock County, Mississippi.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND COMMISSIONERS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, AS FOLLOWS: That the City of Bay St. Louis, Mississippi, sell and convey unto United Gas Corporation all meters, regulators, service lines, pipe, fittings, equipment and appliances now being used by the municipality in the sale and distribution of natural gas to its customers in Harrison County, Mississippi, for the sum of Five Thousand Four Hundred Thirty Seven and 24/100 Dollars, (\$5,437.54), cash, and the natural gas transmission line, heretofore described and referred to, is sold and conveyed to United Gas Pipe Line Company; said property being more particularly described in the form of conveyance which is hereinafter set out at length.

SECTION 2: That the Mayor and Clerk of the City of Bay St. Louis, Mississippi, and acting for and on its behalf, be and they are hereby authorized, directed and empowered, when and if the natural gas transmission line belonging to the municipality heretofore described and referred to is sold and conveyed to United Gas Pipe Line Company, to execute a conveyance substantially in the form hereinafter set out, and to deliver the same to United Gas Corporation upon the receipt of the cash consideration of Five Thousand Four Hundred Thirty Seven and 24/100 Dollars, (\$5,437.54), and the said Mayor and the said Clerk are further hereby given full and plenary power and authority on behalf of the City of Bay St. Louis, Mississippi, to carry out the provisions hereof.
